

RTS Futures Careers Fair 2017

1st February 2017 Business Design Centre

RTS Futures is a diverse and sociable community which provides events and insight for people at the start of their television career.

Run by a dedicated committee of seasoned TV professionals, monthly events look at every aspect of the industry, from getting in and getting on, to pitching your very first telly idea. Our activities and workshops are supported online by a range of resources and lively social media community.

RTS Futures also works closely with Edinburgh International Television Festival, BBC Academy, Sky Academy, the broadcasters and the independent production companies to give the best practical help and support to new entrants. Each year our Careers Training Fair puts hundreds of young people in touch with the very best training schemes and the best TV employers.

RTS Futures Careers Fair

Join us for the biggest Careers fair in TV on the 1st February 2017!

Our Careers Fair provides diverse new entrants with the best industry advice, practical workshops, inspiring masterclasses and unparalleled networking. The chance to meet more than 30 key employers; independent production companies, broadcasters, agencies and universities. But most importantly, they can find out how to bridge the gap between education and the workplace, how to stand out from the crowd and how to land their dream job.

Following the success of 2015 and 2016's fair, we're moving to the Business Design Centre in Islington where we will welcome over 600 young adults who are keen to start their career in TV!

Previous Exhibitors

'We've found it to be a really worthwhile experience. The energy in the room is always very exciting. It's a great opportunity for us to let people know about what we do and we always find interesting CVs come our way both on the day and in the days immediately following the event.'

Warner Brothers TV Productions UK

'The attendees were really interested and seemed to be soaking up what we had to offer them. We met Rhys at the fair and he later became Pro Motion Manchester's first employee!'

Previous Attendees

We're excited to build on the success of the past two years and continue to produce success stories like Rhys Cartwright's who gained his first job in TV as a direct result of attending the fair.

"I found out about the RTS Futures Entry Level Fair on Twitter, and thought that even though travelling from Manchester to London might be extreme, you never know who you'll meet at these events... ProMotion had such a great selection of kit and seemed so friendly and engaging that I ended up talking with Alain for some time. And that, I suppose, was that! Six months of helping out and freelancing later, I was interviewed and offered a full time position."

Taking in all the advice from the event on monday by @RTS_Futures, Thank you @Don_b_kong!! Time to get working on my USP! #RTScareers

Spent all day going through all the info from the #RTScareers day yesterday, so much applying! What a great and informative day.

Had a good evening at the #RTScareers event in London. Got a chance to network & ask questions with the professionals Thanks RTS Futures

On my way from Bristol to the #RTScareers fair. Can't wait to meet some very talented and important people #buzzing

Had a v. useful #RTScareers session and got my #BBCPTS application in (300 words is not enough #justsayin) - successful evening all in all!

Not used to tweeting my every move, but had to say a massive thank you to #RTScareers for their careers fair on Monday! It was brilliant!
